Northstar Systembuilt

Northstar Systembuilt was founded in 1995 in Marshall, MN. Starting off as a **family-owned business**, Northstar was built up on good old-fashioned quality and personalized service. While the business has now grown to a thriving and **well-recognized manufacturer of modular homes**, these attributes have not been compromised. To facilitate further growth of Northstar, we relocated our manufacturing facility to **Redwood Falls, MN** in 2013 into a large modern factory. Since then, we have acquired another facility for production and have expanded both our onsite and offsite storage. Most recently we completed an addition to our main production line in Summer of 2022 and added a second production facility in **Watertown, SD** in June of 2022 to assist with the market demand for our product.

Our stringent quality control program assures you of a finely finished state-of-the-art building. With our tremendous buying power and consolidated ordering system, we are able to pass on huge savings to yourself, offering you a **quick, hassle-free, cost-effective** realization of your building ambitions.

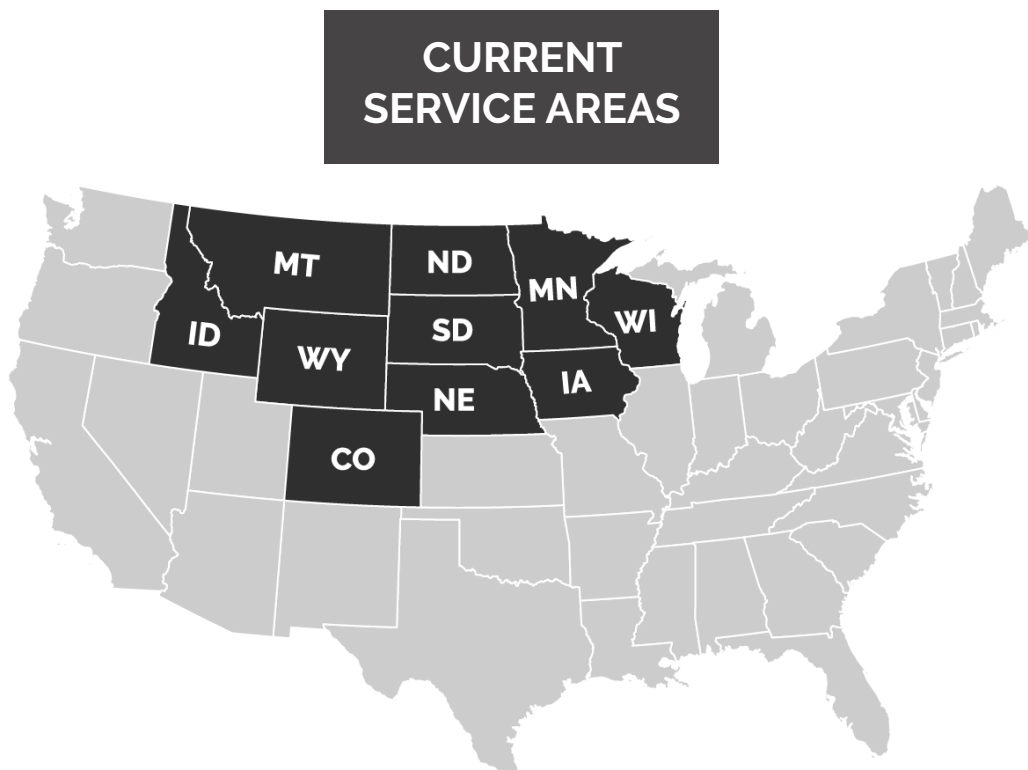

We take every interest in your particular needs to enable us to tailor a solution that not only meets, but exceeds them. Our creativity and flexibility in design have made us the preferred supplier to many clients across the Midwest.

About Us

OUR DEALERS

Northstar does not retail directly to the general public, but has an **exclusive dealer and builder network located throughout the Midwest** to the foothills of the Rockies. Our dealers have model home(s) on their lots for viewing, a selection center with the color options displayed in this brochure and much more! **Combining their experience and your vision will enable you to work together to create the home of your dreams!** Consult with the dealer or builder for pricing on an entire package - home, basement, garage, deck, etc.

Visit our website - www.northstarsb.com - or call us directly to be redirected to a dealer that will be best suited to serve your needs.

OUR TEAM

Northstar Systembuilt is a workplace where **humor and hard work go hand in hand**. Staff share the passion for the company through being included in business development and planning. Our core values attract staff that truly desire to make a difference.

Our team enjoys a well organized structure but are still given the latitude to operate autonomously without the burdens of a hierarchy – in plain English, we work together and we have fun!

Selection Process

Our classic series was designed to be the **easiest way for you to buy a house**. We hand combed hundreds of plans and options to come up with the **finest range of plans and options available**. Why? To give you the easiest home-building experience possible. The process is so simple, it is only **5 steps!**

01 **PICK YOUR PLAN**

The first step in the process is to choose one of our 9 floor plans. Our range of plans cover all the bases, from homey lake-houses to quaint ranches.

02 **UPGRADE IT**

Each plan has a handful of different optional upgrades you can choose from. You could pick a dormer to spruce up the exterior or upgrade to LVP flooring for durable style. You can choose any combination of upgrades to make your home unique to you.

03 **CHOOSE A STYLE PACKAGE**

We have 3 different style packages crafted by our in-house designers that you can choose from to give your home the feel you want, whether it be rustic, modern, or somewhere in-between.

04 **PICK YOUR SHINGLE COLOR**

Once you have your plan and options chosen, it is time to decide on your shingle color. Choose from our full range of premium GAF shingles for long lasting style and durability.

05 **SELECT YOUR SIDING**

Our full range of siding choices, from standard vinyl siding to upgrade log siding and LP Smartside, is at your disposal. Pick the color and style that is best suited to your home.

And that's it! That's all it takes for you to order your home. So go ahead, browse through this book and start choosing your home.

Upgrades

Choose from our four different optional upgrades to customize your Baxter. Each option was designed to add both functionality and style to your home.

01 Quartz Countertops

Add premium style and durability to your home by upgrading your kitchen with quartz countertops and tile backsplash.

03 Porch

Add more living space by expanding outside with a cute porch on the front. Perfect size for some rocking chairs.

02 Siding Accents

Nothing makes a house look as classy as board and batten. It looks especially stylish in a band under the contemporary roof line of this home.

04 Lip Flooring

Upgrade your flooring to a waterproof luxury vinyl plank for added durability and style.

SPECIFICATIONS:

Style: **Ranch/Rambler**| Sq. Ft.: **735*** | Beds: **1** | Showers: **1** | Toilets: **1**

Render shown with optional siding accents and front porch,
*Optional porch counted in square footage.

360° Exterior Elevation Available at www.northstarsb.com

Upgrades

Choose from our four different optional upgrades to customize your Avon. Each option was designed to add both functionality and style to your home.

01 Quartz Countertops

Add premium style and durability to your home by upgrading your kitchen with quartz countertops and tile backsplash.

02 Siding Accents

Add a classic touch with shakes to the dormer.

03 9' Side Walls

Add a foot of height to your ceilings with 9' side walls and transom windows to the front of your home.

04 Lvp Flooring

Upgrade your flooring to a waterproof luxury vinyl plank for added durability and style.

SPECIFICATIONS:

Style: **2 Story** | Sq. Ft.: **1,035** | Beds: **2** | Showers: **1** | Toilets: **2**

Render shown with optional siding accents.
